CHARLES H. MASON, } Moultonboro.

Moultonboro, N. H., Feb. 24, 1894.

Report of the School Board.

The School Board of the Town of Moultonboro herein presents its eighth annual report.

TEACHERS.

Circumstances rendered it necessary to make several changes in the corps of teachers during the past year. An effort has been made to have all schools supplied with teachers who are competent and efficient. We believe in this respect the past year will compare favorably with preceeding years.

SCHOOLS.

The schools in general have enjoyed a season of unusual prosperity. They have been well conducted, and the progress in the studies pursued has been exceptionally good. A few circumstances however have occurred to mar the general good result.

In a few instances pupils have been guilty of wilful misconduct, and when reproved, have evidently been sustained in their wrong doing by their parents. This matter has been carried to such extent that the parents have removed all the pupils of their families attending the school, for the remainder of the term. We believe this course to be alike detrimental to the interests of the pupils concerned, to the School and to good government generally, and that the bes interests of the community require that it be discontinued. We think if parents and those interested in the welfare of the schools, would visit them oftener and examine for themselves, less complaint would be made in regard to teachers and the management of Schools. One School (No. 3.) was discontinued the past year; consequently the length of terms in the remaining Schools was somewhat increased.

BOOKS.

No change in text books has been made the past year. We believe that the books recommended in last years report could be used to good advantage in our Schools. The Primary and Complete Charts (issued by American Book Co.) were used with excellent success in School No. 5, last term. We think an appropriation would be well to supply all our Schools with them.

SCHOOL HOUSES.

As all our School Houses in use need painting it would seem to be economy to have it done the present year. Other repairs will

soon be necessary in No. 1 and No. 6, and perhaps in others.

It would be best to dispose of the unoccupied School Houses in some way, before they become utterly worthless. The same appropriation for the use of Schools is recommended as in past years.

JAMES R. CAVERLY, } Superintending
JOSEPH G. ABBOTT. } Committee.

Moultonboro, Feb. 15, 1894.

Financial Report of the School Board.
